MACH Roam for NRTRDE

Outsource NRTRDE roaming agreements to MACH experts

- and reduce the risk of fraud, faster

Negotiating Roaming & Inter-working Agreements can be a time-consuming process; facilitating the necessary set-up and maintenance per agreement, per service, per roaming inter-connection.

With MACH Roam experts, you are able to completely outsource to us the set-up of international and national roaming as well as inter-working relationships. MACH Roam negotiation services enable operators to open an international roaming service swiftly and efficiently with the maximum number of Roaming Agreements implemented.

Now you can outsource the work of setting-up of NRTRDE C.7 Management to the MACH Roam Experts

In order to be NRTRDE compliant you must bilaterally agree with all of your partners how you want to support NRTRDE. While this means minor updates to AA.14, it also involves negotiating new AA.13 terms with all of your roaming partners.

What is the effort involved in completing NRTRDE C.7 Management for you?

- Define your specifications of what you want to do regarding NRTRDE.
- Negotiation of changes to AA.14 and a new AA.13 C.7 with all your roaming partners. AA.13 C7 is like signing an addendum to AA.13 so it will take a while for all of your roaming partners to respond.

- Some roaming partners will want to sign a specific template for their NRTRDE solution which will require specific negotiation.
- The NRTRDE C.7 exchange is going to be unmanageable for a lot of operators, who will have to be chased to acknowledge receipt and signature of the C.7.
- Operators may have to coach other operators in how to support this service; which will add delays to the process.

Benefits of outsourcing NRTRDE C.7 Management to MACH Roam

- **Expertise** – the MACH Roam team experts support the negotiation of AA.12 and AA.13 Services for over 50 clients globally. Therefore, exchanging C.7's with our other operators is straightforward and efficient.
- **Faster** – as we all know, the right operator contacts around the world will help to expedite C.7 exchange.
- **Affordable** - MACH Roam NRTRDE C.7 Management Service is affordable and you only pay when the work is completed.
- **Simple** – your task is only to help define your requirements and sit back and receive the project when it is completed in a manageable form. So from that point of view, you only need manage future updates to the documents.
